Indian Federation of Sports Medicine
&
Indian Arthroscopy Society

ARTHROSCOPY
an integral part of Sports Medicine and Orthopaedics

9th Sports Medicine & Arthroscopy Workshop

Dear Colleagues

Shoulder problems are starting to form a major chunk of our daily practice and very often we feel quest for more detailed understanding of this problem in order to tackle them better and help our patients.

Based on these lines the 9th Sports Medicine & Arthroscopy Workshop, SMAW 2013 is focused on shoulder issues—FULL SPECTRUM on 2nd & 3rd March 2013 at Sir Ganga Ram Hospital New Delhi.

The workshop is so structured that it generates more discussion and clarification of thought process.

This time we have focused talks by national and international experts in the field of shoulder followed by in depth panel discussion and demonstrative live surgeries.

There will be an opportunity to practice these principles on specially designed hands-on shoulder workshop.

The two days of undivided attention to shoulder should enhance our understanding and capabilities of addressing shoulder issues.

WISHING YOU A MERRY CHRISTMAS
AND HAPPY NEW YEAR 2013

Dr. Prateek K. Gupta, *Organizing Secretary*

Life is Movement, Movement is Life

PROGRAMME

SCIENTIFIC SESSION

Soft Tissue Bankart Repair

- Hardware required for instability Surgery - Instrumentation, Positioning, Portals, types of anchors
- Tips & Tricks of bankart repair - Recent advances
- Posterior instability - How to manage?

Bony Bankart

- Decision making in anterior Glenoid defect - classification, when to operate when not to?
- Neglected posterior dislocation
- Types of Bony defect and treatment options

R. C. Tear

- Types of R. C. Tear How to tackle them?
- Reducibility and repairability - How do you assess?
- Subscapularis tear - Are we missing them?
- How do we address Biceps in R.C.Tear

ACJ issues and frozen shoulder

- ACJ instability-acute/chronic-how to address?
- Frozen Shoulder - what works? My technique of frozen shoulder release

Trauma

- Decision making in isolated GT fracture
- Communitied Fracture proximal humeral
- Tips & tricks of pinning
- Four part fixation by philos plate
- How do one decide Hemi/fixation in four part fracture

Shoulder Arthroplasty

- TSR/Hemi - How do I decide?
- What is reverse Shoulder?
- Role of surface replacement

WORKSHOP SESSION

Bankart Repair

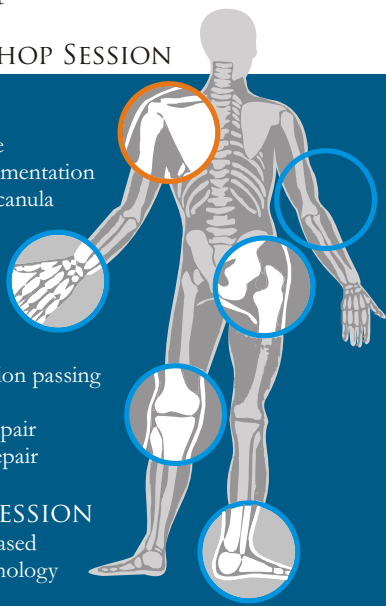

- Near live surgery experience
- Actual Bankart repair instrumentation
- Placement of arthroscopic canula
- Seating of Anchors
- Sliding knot tying technique

R.C. Repair

- Preparation of foot print
- Seating of Anchors
- Elite pass/quick sew/scorpion passing of sutures
- Knot tying for single row repair
- Technique of double row repair

MEET THE MASTER SESSION

- Workshop on Ultrasound based assessment of shoulder pathology

Please write in CAPITAL letters only
(Photocopy of this form can also be used for registration)
