Welcome Message

Team Delhi is delighted to welcome you all for the 3rd Biennial meeting of Shoulder & Elbow Society of India. Over the last 10 years, Delhi has become the hub for knee & shoulder meetings for surgeons from across India & SAARC region. This year, all of us have come together to present two world class meetings in 2015. While this meeting will focus on shoulder & elbow, IAS 2015 will follow in the second half of the year. But what is so special with this meeting?

Well, actually lots of it:

1. **Leicester Shoulder Trauma Course:** For dedicated trauma surgeons, the faculty, the syllabus, the hands-on teaching straight from United Kingdom. **Experience Leicester in Delhi.**
2. **Hands-on Shoulder Arthroplasty:** Shoulder Arthroplasty gets its due attention in a full day workshop. **Do it with “The Man” who designed the prosthesis!**
3. **A – Z of Shoulder Rehab:** How to rehab shoulder? For Physios & dedicated shoulder surgeons.
4. **Maximum Audience Interaction: Less than 25% time for lectures.** Conference devoted to improving surgical skills by interaction **through Audience Response System.**

We have lined up 5 full-day pre-conference symposia to cover the basics. These will fulfill the needs of young orthopods who want to start shoulder / elbow arthroscopy & arthroplasty. A full-day trauma session will cater to the needs of established trauma surgeons. Main conference on Sat - Sun will address challenging issues.

Registration is fast & easy by online payment.

Waiting to see you soon,

Team Delhi
